**EastCann Hippy Headbanger is a high THC Sativa Dominant hybrid of Sour Diesel X Biker Kush**

Pheno hunted and grown by Josh Beckett, a long time cultivator on SaltSpring Island. This flower has been finished in true gulf island fashion, carefully cured over a 3 week period and hand trimmed to leave small sugar leaves left intact so connoisseurs can experience this flower as nature intended.

**EastCann dried flower is packaged in nitrogen-purged, food-grade recyclable cans.**

This type of packaging utilizes a purge of liquid nitrogen and hermetic seal to maintain freshness and preserve the dried flower quality and terpene profile.
