LIMONENE	
CARYOPHYLLENE	

EastCann Pink Kush is an Indica dominant Legacy Genetic of predominately unknown origins

The heritage of this heavy indica is a little uncertain, but it's known to be a relative and possibly an offspring of the legendary OG Kush, one of history's most popular strains.

EastCann dried flower is packaged in nitrogen-purged, food-grade recyclable cans.

This type of packaging utilizes a purge of liquid nitrogen and hermetic seal to maintain freshness and preserve the dried flower quality and terpene profile.

Legacy Matters.

HANG-DRIED | HAND-TRIMMED | SLOW-CURED | HAND-WEIGHED | HAND-PACKED
